How to look for the coming of the Holy Spirit and living a fuller life of faith.

The coming of the Holy Spirit is an encounter with the Gospel and that is a truly life changing event. With respect to Evangelization, it is about our lives, about being witnesses, cooperating with grace, being receptive to grace. The real question is how do I cooperate with grace? It is a response: to grow & live virtue. To grow & live in virtue is the opportunity to become better than you are. How do you become a saint?

Fr. Serge is a Dominican priest & a convert to the Catholic faith. He divides his time between preaching and teaching at the Dominican School of Philosophy & Theology in Berkeley, CA.
